

Hafsa Ahmed

full-stack web developer

I'm a full stack web developer with a passion for building websites and web applications. My expertise includes React, Node.js, MongoDB, HTML, CSS, JavaScript, PHP, MySQL, tailwind css, and Git. I have been recently focused on building full-stack web applications using the MERN stack to demonstrate my skills. I am a quick learner who enjoys new challenges and values collaboration and open communication.

also, I'm currently Software Engineering student.
